**PITX Welcomes DENR MIMAROPA and DENR EMB CALABARZON:
A New Hub for Accessibility and Convenience**

(L-R: DENR MIMAROPA Director ARD for Technical Services, Maximo Landrito, PITX Chief Operating Officer, Mohit Malhi, DENR MIMAROPA Regional Executive Director, Felix Mirasol Jr., PITX Commercial Head, Ruth Morales, DENR MIMAROPA ARD for Management Services, Atty. Gandhi Flores)

The Parañaque Integrated Terminal Exchange (PITX) is proud to announce that the Department of Environment and Natural Resources (DENR) MIMAROPA and the Environmental Management Bureau (EMB) CALABARZON have officially relocated their offices to PITX. This move not only makes government services more accessible to the public but also enhances convenience for employees with PITX's strategic location and excellent connectivity.

As a major transportation hub, PITX is ideally positioned to support DENR MIMAROPA and DENR EMB CALABARZON in their mission to provide streamlined, efficient services to the public. Customers can now easily access these agencies' services, including permits and environmental clearances, at a central, convenient location with multiple transportation options.

“We are delighted to welcome DENR MIMAROPA and DENR EMB CALABARZON to our growing family of tenants,” said Jason Salvador, Corporate Affairs and Government Relations Director of PITX. “Their presence at PITX is a testament to our commitment to providing a hub that is not only a gateway for travel but also a center for essential public services.”

(L-R: DENR EMB CALABARZON OIC Clearance and Permitting Division, Jose Alberto Abaya, PITX Chief Operating Officer, Mohit Malhi, DENR EMB CALABARZON OIC Regional Director, Robert Angelo Metin, PITX Commercial Head, Ruth Morales, DENR EMB CALABARZON OIC Finance and Administrative Division, Cristina Come)

The relocation to PITX offers significant benefits to DENR MIMAROPA and DENR EMB CALABARZON employees, thanks to the terminal's strategic connectivity to Metro Manila and nearby provinces. With easy access to buses, jeepneys, shuttles, and a soon-to-be-completed LRT1 extension directly connecting to PITX, commuting will become even more efficient, reducing travel time and improving overall convenience.

"We are thrilled that our location can support DENR MIMAROPA and DENR EMB CALABARZON's goals of enhanced service delivery and a better work environment," added Salvador. "This is another example of how PITX is evolving beyond a transportation terminal into a community hub that serves the diverse needs of our city and region."

With the addition of DENR MIMAROPA and DENR EMB CALABARZON to its roster of tenants, PITX continues to expand its role as a vital center for public services, transportation, and community activities. We look forward to supporting these agencies in their mission to serve the public effectively and efficiently.

About the Parañaque Integrated Terminal Exchange

The Parañaque Integrated Terminal Exchange (PITX) is the country's first-ever landport, a multimodal transport hub in the Philippines, aiming to improve the overall commuting experience of Filipinos by providing seamless interconnectivity between different modes of public transportation. PITX is operated by MWM Terminals, Inc. under a 35-year Build-Transfer-Operate contract.
